

The **DIAMOND** **AUTOCRUISER**

The DIAMOND AUTOCRUISER

The Volkswagen that's more than just a Motor Caravan—that's the Autocruiser! A product of the Diamond design team who have created the complete two-berth motorhome with an exceptional specification which even includes a fully fitted shower.

Imagine yourself experiencing the contentment of owning your own Autocruiser, a totally mobile home. Driving wherever and whenever the fancy takes you and being independent of so many of the usual problems of travelling far and wide.

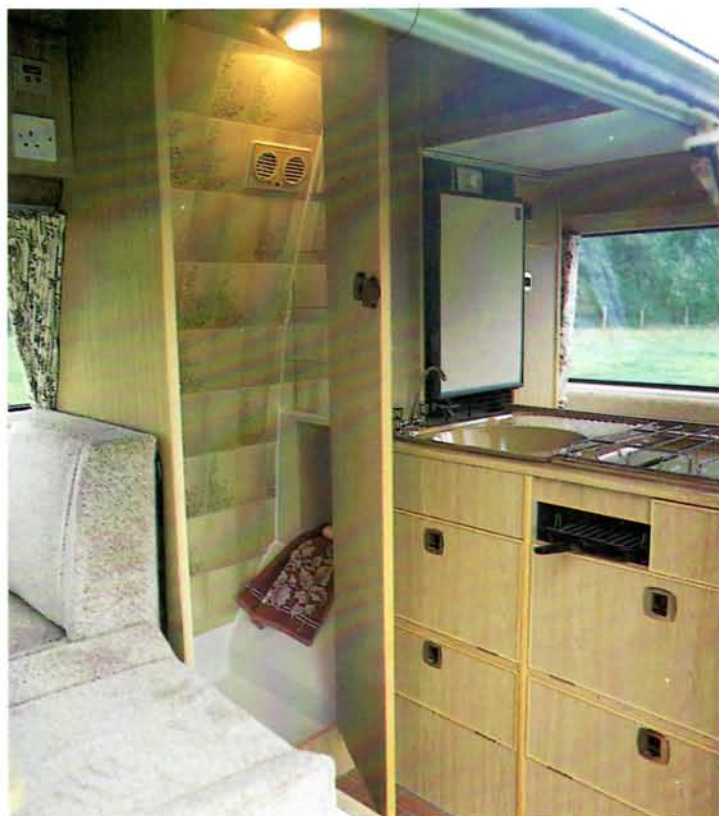

With the Autocruiser you can delight in luxury and yet enjoy the practical design of the fittings and equipment safe in the knowledge that the quality construction of your Autocruiser will serve you well for many years to come.

By Day

When you're on the move in your Autocruiser you'll be more than impressed with the comfort of the cab seats so tastefully upholstered to match all the fabrics—and you have a choice of interior colours. The extensive storage space in cupboards and lockers enables you to travel without concern for your belongings, they'll be safely stowed away. There's a built-in roof rack too for those bulky items.

When you come to rest, your comfortable lounge awaits you. Relax in the spaciousness of your Autocruiser with its full standing room and soft, warm interior furnishings. Benefit from the fully insulated walls and roof. Gaze out at the countryside through tinted windows and rest your feet on the wall-to-wall carpet.

With the galley and shower/toilet booth so sensibly located at the rear, the atmosphere in the lounge is just right for relaxation.

Mealtime

Time to eat, and what could be more simple than to prepare your meal on the Autocruiser's modern cooker. Grill your steaks, cook your vegetables and make your coffee all at one time and the hotplate gives you an extra heating facility too. The Two-way refrigerator is right at hand, so too is hot and cold water electrically pumped to the vitreous enamelled sink from the underfloor fresh water tank. No need to worry about waste water either! Your Autocruiser has its own waste holding tank underfloor.

And So To Bed

As evening comes, draw the all-round curtains, switch on the lights, and settle down to enjoy a nightcap before going to sleep on the two easily made single beds ingeniously designed to incorporate the cab seats. The position of the beds allows free access to all parts of your Autocruiser all night long, so the last visit to the shower/toilet booth presents no problem.

And just think, when you wake in the morning, that welcome cup of tea in bed is ready in no time with such easy access to the galley—without moving the beds at all! An outstanding practical feature of the Autocruiser's clever design.

MAKE YOUR TRAVELLING FUTURE A PLEASURE CRUISE WITH THE DIAMOND AUTOCRUISER

Get the full specification from the Diamond Motor Caravan Specification Leaflet—yours on request— See too the range of Diamond quality optional extras on the separate Price List.
